

PRODUCT INFORMATION SHEET

BIKERIGHT MOTORBIKE SILICONE SHINE BIRIMB4003

1. Introduction

A fragranced light duty cleaner and polish for pedal cycles. Can also be used as a light duty lubricant for metal, plastic and rubber

2. Where to use

This product is designed for use on paintwork, metal, rubber and plastic parts.

3. Where not to use

- On any area where increased slip would create hazards, i.e. Tyres, brake pads etc.

4 Benefits

- Triple acting, cleans, freshens and shines
- Helps restore colour & shine
- Reduces friction, ideal for suspension parts etc..
- Helps prevent cracking / premature ageing of rubbers
- Characteristic fragrance
- Fast acting, virtually instantaneous evaporation
- Silicone film acts as a release agent to make future cleaning easier.

4. Physical properties

Appearance	A colourless liquid with a characteristic GT85 odour.
pH	Not applicable
Specific Gravity [Base]	0.788 – 0.808
Viscosity	Thin liquid
Active Content % m/m, as	5 – 10
Flammability, as supplied	Extremely Flammable, flash point below -20°C
Composition Data, as supplied	A solution of silicone fluids and synthetic fragrance in hydrocarbon solvents and a butane/propane/isobutane based propellant
Application Temperature	Ambient temperatures.

6. Application Details

Shake thoroughly before use. Apply from a distance of 10 – 20cm, and wipe the surface with a soft cloth. To avoid overspray this product may be applied directly to a cloth.
